

Point of Care Ultrasound (POCUS) Training

**Empowering, Affordable,
Local, Enjoyable**

**You can gain this
valuable skill!**

POCUS is the use of small, inexpensive devices to see inside the body. Proper use of this technology will dramatically improve the accuracy of the physical exam for all clinicians. This technology is the future of physical examination by Physicians, Paramedics, Advanced Practice Professionals, and EMTs.

Hospitalists and Intensivists

Hospitalist and ED

DVT

Lung: Pneumothorax, CHF vs COPD

Volume assessment

Gallbladder

Cardiac effusion and estimate EF

Aorta

Procedural Guidance: Peripheral IV

Kidney and Urinary Bladder

Intensivist (Hospitalist + these exams)

Cardiac: EPSS, MAPSE, TAPSE, SWMA, CO

Pulmonary Embolus

Valve assessment, Tamponade

Endotracheal tube placement

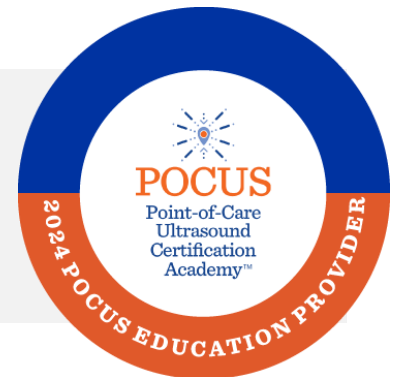

Procedural Guidance: Central Lines

Diastology: E/A, E/e'

VExUS-Fluid overload assessment

*Insonate LLC is an approved educational site for the
POCUS Certification Academy.*

POCUS is truly the “stethoscope of the future”

Eight hour courses start at \$300.00 One-on-one instruction available.
